SERVICES

What we do

01
Panel upgrades
Upgrade or replace your panel so your home can handle what you plug into it.

02
EV chargers
Level 2 charger installs for your garage, wired safely and to code.

03
Smart home automation
Smart switches, lighting scenes and connected devices, set up properly.

04
Lighting
Indoor, outdoor and recessed lighting installs and upgrades.

05
Troubleshooting
Tripping breakers, dead outlets and flickering lights tracked down fast.

06
Wiring & repairs
Repairs and new circuits for remodels, additions and older homes.
